Each team shall consist of one athlete in each event. Each athlete can take part in a maximum of two events.

Competition Entry Procedures

Preliminary Entries: The due date for preliminary entries is August 15 2014. Entries will be made by filling out the preliminary entry form and send to an email address: spela.hus@atletiska-zveza.si.

Final Entries: The due date for final entries is September 10 2014. Entries will be made by filling out the preliminary entry form and send to an email address: spela.hus@atletiska-zveza.si. Final entries will require to indicate the name of the athlete, full date of birth (day, month, year), and their season and personal best.

Final Confirmation: At the technical meeting held the night before the competition (Friday, September 19 2014 at 19:30) at the Plaza hotel, team leaders will have to confirm their team representatives. Changes of the team composition will be possible, but they will be discouraged.

Forms for the final declaration will be distributed to each delegation during accreditation process. The forms must be completed and returned by the end of the technical meeting. Final start list will be ready for collection at the Plaza hotel info point on the day of the competition from 8:30 am.

Memorial event, 100 m race: All male athletes competing in a 100 m race heats are eligible for the memorial race. The placing will be determined on the basis of the achieved time performances.

Competition Regulations

Field Events except vertical jumps: All participating athletes will have three qualification trials (1st, 2nd and 3rd trial). The best 6 athletes after the 3 qualification rounds will compete in the Final 3 trials. The athletes eliminated after the third trial will be ranked by their best performance after the 3rd qualification trial. The remaining 6 athletes will be ranked by their best performance after all trials. IAAF Rule 180.22 will apply for ties.

Vertical Jumps: In the vertical jumps the IAAF rule 181.2 shall be respected. Furthermore each competitor is limited to a maximum of 4 (four) fouls throughout the whole field event. After the fourth foul he/she may not jump further. IAAF Rule 181.8 will apply for placing. The time permitted for each attempt in High Jump and Pole Vault shall be 1 (one) minute except when consecutive attempts are by the same athlete.

Mestna občina
Ljubljana

Track events: In the track events no false start will be allowed. Any athlete committing a false start will be disqualified. The results of the two heats are amalgamated, with the athletes' times determining their placing. In case of a tie between athletes in the different heats for races up to 800m inclusively, the photo finish judge shall consider the actual times to the 1/1000th of a second. If the tie cannot be broken, the attributable points shall be divided equally between them.

Starting Order

The order of attempts in **field events** shall be decided by a draw conducted by Competition organizer. Each participating team shall be allocated a letter which shall determine the order of attempts in the field events.

In the **horizontal field events** the order of trials in the first round will be kept for the first 3 trials. The order of the trials in the final rounds will be the reverse order of the ranking after the 3rd round.

Withdrawal: Any withdrawals must be made at the Info Point at the stadium or at the hotel or at the technical meeting.

Scoring: Each event will be scored separately, with the maximum possible points depending on the number of athletes who have declared for the event. Example: if seven athletes entered the event, the first place athlete will receive seven points, second place athlete will receive six points and so on. If an athlete is disqualified or does not start, that will not lower the amount of maximum points possible in the event.

Two or more athletes can tie for a place in any event and the points will be divided equally between them.

The team having the highest number of points collected will be the winner. If two or more teams have the same amount of points collected, the team with the most first-place finishes wins the tie. In this scenario the number of declared athletes will not be important, but only the placement of the athlete.

Joker principle: Each team will have one (1) available joker bonus. The team leader will allocate it on an event at the technical meeting. The event where the leader put the joker, final scoring points are worth double. For example, in an event with 8 athletes, the winner receives 8 points. If the team leader chose that particular event, the athlete's performance brought the team 16 points.

Bib Numbers: The LOC will provide the bib numbers at the technical meeting at the Plaza hotel on Friday, September 19 at 19:30.

Each competitor will receive 2 bibs. These must be pinned to the front and back of the competition clothing. Pins will be given to the teams at the technical meeting. Exceptions are made for high jumpers and pole-vaulters: these competitors are permitted to attach

Mestna občina
Ljubljana

the bib number only to the front of the back of their competition clothing. Bibs must not be cut, folded or covered in any way.

Competition Clothing: Competitors must wear their official national clothing. All competitors must wear registered vest of the same design and colour of the national team.

Lane and Starting Order: The allocation of lanes and order of attempts in track and field events shall be made according to the Organizer's draw of teams' positions (Appendix 2) and will be done by Timing Ljubljana.

Starting Heights: At the technical meeting, the proposition based on the season best performance of participating athletes for the starting heights will be made by the organiser. Upon agreement of all present coaches, the heights will be either confirmed or amended.
